

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Walls not carried out [up?] together must be anchored every 6 feet in their height by good and sufficient wrought iron anchors 36 inches long, ends to be turned up 2½ inches. Cut stone work must be properly cramped and anchored together and to backing. Pressed brick-work to be properly bounded [bonded?] to backing.

AN ACT

To amend section[s] 297, 301 and 6871 of the Revised Statutes of Ohio.

SECTION 1. *Be it enacted by the General Assembly of the State of Ohio.* That sections 297, 301 and 6871 of the Revised Statutes of Ohio, as amended by acts passed May 1, 1885, and May 17, 1886, be and the same are hereby amended so as to read as follows:

Mines:

SEC. 297. It is unlawful for the owner or agent of any coal mine, worked by shaft, to employ or permit any person to work therein, unless there are, to every seam of coal worked in each mine, at least two separate outlets, separated by natural strata of not less than one hundred feet in breadth, by which shafts or outlets distinct means of ingress and egress are always available to the persons employed in the mine; but it is not necessary for the two outlets to belong to the same mine, if the persons employed therein have safe, ready and available means of ingress and egress by not less than two openings. This section shall not apply to opening a new mine while being worked for the purpose of making communication between said two outlets, so long as not more than twenty persons are employed at any one time in such mine, neither shall it apply to any mine, or part of a mine in which the second outlet has been rendered unavailable by reason of the final robbing of pillars previous to abandonment, so long as not more than twenty persons are employed therein at any one time. The cage or cages, and other means of egress shall at all times be available for the persons employed, where there is no second outlet. The escapement shafts shall be fitted with safe and available appliances by which the persons employed in the mine may readily escape in case an accident occurs deranging the hoisting machinery at the main outlets, and such means or appliances for escape shall always be kept in a safe condition; and in no case shall an air shaft, with a ventilating furnace at the bottom, be construed to be an escapement shaft, within the meaning of this section. To all other coal mines, whether slopes or drifts, two such openings or outlets must be provided within twelve months after shipments of coal have commenced from such mine; and in case such outlets are not provided as herein stipulated, it shall not be lawful for the agent or owner of such slope or drift to permit more than ten persons to work therein at any one time. In case a coal mine has but one shaft, slope, or drift, for the ingress or egress of the men working therein, and the owner thereof does not own suitable surface ground for another opening, he may select and appropriate any adjoining land for that purpose, and may make an additional shaft or outlet under, through or upon any

Lighting and
ventilation.

SEC. 301. All safety lamps used for examining coal mines, or which are used in any coal mine, shall be the property of the owner of the mine, and shall be under the charge of the agent thereof, and in all mines, whether they generate fire-damp or not, the doors use[d] in assisting or directing ventilation of the mine, shall be so hung or adjusted that they will shut of their own accord and cannot stand open; and all main doors shall have an attendant, whose constant duty shall be to open them for transportation and travel, and prevent them from standing open longer than is necessary for persons or cars to pass through; and the mining boss shall keep a careful watch over the ventilating apparatus and the airway, and he shall measure the ventilation at least once a week, at the inlet and outlet, and also at or near the face of all the entries, and the measurements of air so made shall be noted on blanks, furnished by the chief inspector; and on the first day of each month the mining boss of each mine shall sign one of such blanks, properly filled with the said actual measurements, and forward the same to the chief inspector, and any mining boss making false returns of such air measurements shall be deemed guilty of an offense against this section. Every person having charge of any mine, whenever

The owner, agent, or manager of every mine shall, within twenty-four hours next after any accident or explosion, whereby loss of life or personal injury may have been occasioned, send notice in writing to the chief inspector, and shall specify in such notice the character and cause of the accident, and the name or names of the persons killed and injured, with the extent and nature of the injuries sustained. When any personal injury, of which notice is required to be sent under this section, results in the death of the person injured, notice in writing shall be sent to the chief inspector within twenty-four hours after such death comes to the knowledge of the owner, agent or manager; and when loss of life occurs in any mine by explosion, or accident, the owner, agent, or manager of such mine shall notify the chief inspector, or the district inspector, forthwith, of the fact, and it shall be the duty of the chief

inspector to go himself, or require one of the district inspectors to go, at once to the mine in which said death occurred, and inquire into the cause of the same, and to make a written report, fully setting forth the condition of the part of the mine where such death occurred, and the cause which led to the same; which report shall be filed by the chief inspector in his office as a matter or [of?] record, and for future reference.

Duty of inspectors.

For any injury to persons or property, occasioned by any violation of this act, or any willful failure to comply with its provisions by any owner, agent or manager of any mine, a right of action shall accrue to the party injured, for any direct damage he may have sustained thereby; and, in any case of loss of life, by reason of such willful neglect or failure, aforesaid, a right of action shall accrue to the widow and lineal heirs of the person whose life shall be lost, for like recovery of damages for the injury they shall have sustained.

Penalty.

JOINT RESOLUTIONS.

[House Joint Resolution No. 3].

JOINT RESOLUTION

Requesting our senators in the congress of the United States to resist the confirmation of L. Q. C. Lamar as an associate justice of the supreme court.

WHEREAS, There is now a vacancy in the associate justiceship of the supreme court of the United States; therefore,

Be it resolved by the General Assembly of the State of Ohio, That such vacancy should be filled only by a citizen who is an able and learned jurist, one who believes in the integrity of the union, the perpetuation of our national institutions, the binding and inviolable character of the federal constitution, and the validity of all and separate the amendments thereto; one who insists that all qualified electors shall have the right to exercise their franchise freely and honestly, and that no such electors shall be deprived of such right by fraud, violence or terrorism.

Be it further resolved, That L. Q. C. Lamar, by refusing to adopt and be governed by the amendments to the constitution whereby the fruits of the war were made a part of the organic law of the land; by his belief in the doctrine of states' rights; by his defense of Jefferson Davis against the charge of treason; by his acceptance of an office tendered him by virtue of fraud, violence, intimidation, ballot-box stuffing, vote suppression and the goading of the bull whip; by his want of experience in the administration of jurisprudence and knowledge of law, is rendered unfit to be an associate justice of the supreme court, is not in accord with the spirit of our institutions and laws, and we, as the representatives of the patriotic and law-abiding citizens of Ohio, call upon our senators in the congress of the nation, to resist, by every honest means, the confirmation of the nomination of Mr. Lamar for the judicial position named.

Resolved, further, That a copy of these resolutions be, by our governor, forwarded to Senators Sherman and Payne, at Washington.

JOINT RESOLUTION

Requesting our senators and representatives in congress to favor a law relative to the manufacture and sale of compounded lard.

WHEREAS, Large quantities of adulterated or compounded articles are manufactured and sold in various parts of the United States, as substitutes for pure lard; that these compounds are made up of various ingredients, such as cotton-seed oil, beef and mutton tallow, and in some instances of chemicals, whitened or deodorized grease, thereby injuring the health of the consumers of the same. That the cost of these various ingredients is very much below the cost of pure lard; and that the compounds can be sold at a much lower price per pound, if sold on their actual values, as based on the cost of the ingredients as pure lard. That the sale of these compounds in competition with pure lard, has reached such an extent as nearly to drive pure lard from the home markets. That these compounds are sold under grossly misleading and deceptive brands or labels, such as "Pure refined family lard," &c., and are thereby palmed off upon the consumers as and for pure lard, at a price greatly in excess of their real market value, thereby practicing on the consumers a gigantic commercial fraud, and greatly jeopardizing the continued manufacture and sale of pure lard; therefore be it

Resolved by the General Assembly of the State of Ohio, That our senators and representatives in congress be requested to favor the passage of a law requiring all packages containing compounded lard, to be plainly and unmistakeably labeled, so as to effectually prevent all fraud and deception in the sale thereof, and that the retailer shall be required to make known to the purchaser, that it is compounded, and not pure lard.

JOINT RESOLUTION.

Requesting our representatives and senators in the congress of the U. S., to oppose certain measures which were suggested in the president's recent message.

Resolved, by the General Assembly of the State of Ohio, First, That we believe in a protective tariff for the sake of protection, to the end that we may have a diversity of employment, domestic commerce, home markets for our farmers, good wages for our laborers, and such development of all

our material resources as will make it possible for us to supply all our wants in both peace and war, and thus be independent as a nation among the nations of the earth.

Second, Under this wise and patriotic policy, inaugurated and steadily upheld and enforced by the Republican party since its advent to power in 1861, we have prospered as no other nation ever did.

Third, We regard the views expressed by his excellency, the president of the United States, in his recent message to congress, in opposition to this policy, as unwise, unjust and unpatriotic, and as calculated, if formulated into law, and given effect, to not only dissipate our surplus revenue, but also paralyze our industries, stop the development of our resources, degrade labor, stagnate and demoralize business, and reduce us to that weak and dependent condition to which the country had been brought by a Democratic free trade policy, when the Republican party was placed in power in 1861.

Fourth, That our senators in congress be instructed, and our representatives be requested to oppose all measures that may be offered for the purpose of giving effect to these views and recommendations of the president.

Fifth, That the governor be requested to forward a copy of these resolutions to each of our senators and representatives from Ohio, in the congress of the United States.

Requesting our senators and representatives in congress to support senator T. W. Palmer's bill relative to the eradication of contagious pleuro-pneumonia among cattle.

WHEREAS, The bill endorsed by all the cattle breeders' associations, and introduced by senator T. W. Palmer in the United States senate, is the only adequate measure devised for the swift and sure stamping out of this disease ; therefore,

Be it resolved, That this general assembly commend this measure, thus endorsed by the cattle growers of America, and request our senators and representatives in congress to give said bill their support.

[WHEREAS, There is pending in the congress of the United States a bill "To grant arrears of pensions in certain cases," as follows :

JOINT RESOLUTION

Relating to the appointment of a joint committee to consider and report upon the legislation recommended by the governor in his message in providing a complete record, etc., of the Virginia military district.

Resolved by the General Assembly of the State of Ohio, That a committee of three on the part of the senate, and three on the part of the house be appointed to consider and report upon the legislation recommended in the following portion of the last annual message of the governor, to-wit :

By the act of March 16, 1887, entitled "An act to provide a complete and correct record of the entries, plats and surveys of the Virginia military district for the auditor of state's office," the governor, attorney-general and auditor of state were empowered to contract with Samuel Kendrick, late deputy surveyor, etc., for correcting, transcribing, binding and

completing the records, entries, plats and surveys and other records of the lands contained in the Virginia military district of Ohio, now in the office of the auditor of state; provided said officers shall first be satisfied that the said Kendrick has the means and power as such surveyor, to make such corrections valid in law. The act also appropriates five thousand dollars to defray the expenses to be so incurred. The officials named have had several interviews with Mr. Kendrick, but they have not yet made any contract with him. The reason they have not done so is they have found the records referred to in such condition as to make it impossible, in their judgment, to do all that should be done for less than a sum so much larger than the amount appropriated, that they do not feel authorized to incur the obligation. They were of the opinion that it was useless to do anything unless more could be done than appeared to have been contemplated by the statute. They concluded, therefore, before taking action, to again refer the matter to you with the recommendation that you may make provision for the whole of the work that should be done. Some of the most important of our land records are in such a dilapidated condition that it is almost impossible to longer use them. You should therefore give this matter prompt attention.

Relative to the rebuilding of the Symmes creek dam and asking congress to appropriate sufficient money to restore navigation on the Muskingum river between Zanesville and Dresden.

WHEREAS, The slackwater navigation of the Muskingum river from Zanesville to Dresden is suspended by reason of the destruction by floods of the dam on said river known as the Symmes creek dam; and

Be it resolved by the General Assembly of the State of Ohio, That a copy of this resolution be forwarded to the congress of the United States, asking that the general government during the present winter appropriate a sufficient sum of money to restore navigation on the Muskingum river between Zanesville and Dresden.

THEO. F. DAVIS,
President pro tem. of the Senate.

Passed April 16, 1888.

APPENDIX.

[Senate Bill No. 171].*

AN ACT

To amend section 7153 of the Revised Statutes of the state of Ohio.

SECTION 1. *Be it enacted by the General Assembly of the State of Ohio,* That section 7153 of the Revised Statutes be amended to read as follows:

SEC. 7153. If the witness so required to enter into a recognizance refuse to comply with such order, the magistrate shall commit him to jail until he complies with such order, or is otherwise discharged according to law; but in no case shall such witness be confined in association with prisoners charged with crime.

SECTION 2. That section 7153 of the Revised Statutes be and the same is hereby repealed.

SECTION 3. This act shall be in force after its passage.

ELBERT L. LAMPSON,
Speaker of the House of Representatives.

THEO. F. DAVIS,
President pro tem. of the Senate.

Passed April 16, 1888.

*S. B. 171 was regularly passed, enrolled, signed and filed in the office of the secretary of state, but by accident it was filed with the joint resolutions and not with the general acts. After the latter had been printed, and whilst the printing of the local acts was in progress, this fact was discovered, and it was then thought best to print it at the close of the volume. Hence its appearance here out of its regular order.

State of Ohio, Office of the Secretary of State, ss:

I, J. S. Robinson, as Secretary of State of the State of Ohio, do hereby certify that the foregoing acts and joint resolutions were printed under and by the authority of the General Assembly of said State, and that the same are true copies, copied from the original rolls on file in this office, of the acts passed and the joint resolutions adopted by the Sixty-eighth General Assembly of the State of Ohio, at its regular session, begun and held in the city of Columbus, January 2, 1888, and ended April 16, 1888.

WITNESS my signature and the Great Seal of the State of Ohio, at Columbus, the 9th day of June, A. D. 1888.

[GREAT SEAL OF OHIO]

J. S. ROBINSON,
Secretary of State.
